

SHANU KHAN

Rampur, Uttar Pradesh | +91-9410328921 | shanu07ds@gmail.com | <http://www.linkedin.com/in/shanukhan>

PROFESSIONAL SUMMARY

Aspiring Data Analytics professional with a solid foundation in Data Science, Artificial Intelligence, and Business Intelligence, supported by hands-on project experience in Python, SQL, Advanced Excel, Power BI, Tableau, and Machine Learning. Passionate about analyzing data, building interactive dashboards, and developing predictive models that support informed business decisions. A proactive learner with strong analytical, communication, and problem-solving skills, eager to contribute to innovative teams while continuously expanding technical expertise and building a long-term career in Data Analytics and Data Science.

TECHNICAL SKILLS

Programming Languages: Python, SQL (MySQL)

Python Libraries: Pandas, NumPy, Matplotlib, Scikit-learn

Data Analytics & Business Intelligence: Advanced Microsoft Excel, Power BI, Tableau, Data Analysis, Data Visualization, Dashboard Development, KPI Reporting, Business Intelligence (BI)

Machine Learning & Artificial Intelligence: Machine Learning, Deep Learning, Natural Language Processing (NLP), Predictive Analytics, Time Series Forecasting, Statistical Analysis, Data Cleaning, Data Preparation, Feature Engineering.

Database Management: MySQL, SQL Query Writing, Database Management

Development & Collaboration Tools: GitHub, Jupyter Notebook, Visual Studio Code

Productivity Tools: Microsoft Word, Microsoft Excel, Microsoft PowerPoint, LibreOffice, Internet Research, Email Communication.

PROJECTS

Project 1

Sales Performance Dashboard | Power BI

- Designed an interactive sales dashboard to monitor revenue, profit, sales trends, regional performance, and key business KPIs.
- Developed dynamic dashboards using Power BI with DAX measures, slicers, and drill-through functionality for business reporting.
- Improved decision-making by presenting actionable insights through interactive visualizations.

Project 2

HR Analytics Dashboard | Power BI

- Built an HR Analytics dashboard to analyze employee attrition, workforce demographics, performance, and hiring trends.
- Created interactive reports using Power BI, DAX, and data modeling techniques.
- Delivered insights to support workforce planning and HR decision-making.

Project 3

Retail Sales Analysis | Excel & Tableau

- Performed sales analysis using Advanced Excel and Tableau to identify revenue trends and customer purchasing behavior.
- Designed interactive dashboards using Pivot Tables, Power Query, and Tableau visualizations.
- Generated business insights through KPI tracking and trend analysis.

Project 4

Customer Churn Prediction | Python & Machine Learning

- Developed a machine learning model to predict customer churn using Python and Scikit-learn.
- Performed data cleaning, feature engineering, model training, and performance evaluation.
- Applied classification algorithms to improve prediction accuracy and support customer retention strategies.

Project 5

Credit Risk Analysis | Python & SQL

- Analyzed financial datasets using SQL and Python to identify customer credit risk patterns.
- Performed exploratory data analysis, statistical analysis, and data visualization.
- Built reports to support data-driven lending and risk assessment decisions.

CERTIFICATIONS

Executive Programme in Data Science & Artificial Intelligence (2025-2026)

- Completed intensive training in Python, SQL, Excel, Power BI, Tableau, Machine Learning, Deep Learning, NLP, Time Series Forecasting, Data Cleaning, Data Preparation, and Statistical Analysis.

'O' Level (Information Technology) – NIELIT (2015-2016)

- Completed one-year diploma covering IT Tools & Business Systems, Internet Technology & Web Design, Problem Solving through C Language, and ICT Resources & Hardware.

Course on Computer Concepts (CCC) – NIELIT (July 2016)

EDUCATION

Master of Arts (M.A.) | Mahatma Jyotiba Phule Rohilkhand University, Bareilly

2021 | Specialization: Gender Equality in Education

Bachelor of Arts (B.A.) | Mahatma Jyotiba Phule Rohilkhand University, Bareilly

2017 | 60%

Senior Secondary (Class XII – Science) | UP Board

2014 | 80%

Secondary (Class X) | UP Board

2012 | 68%

SOFT SKILLS

Analytical Thinking | Problem Solving | Attention to Detail | Communication | Team Collaboration | Adaptability | Time Management | Continuous Learning

LANGUAGES

Hindi (Native) | English (Intermediate – Professional Working Proficiency) |

ADDITIONAL INFORMATION

Typing Speed: English – 35+ WPM | Hindi – 30+ WPM

Availability: Immediate Joiner

Work Preference: Full-time | On-site | Hybrid | Remote

Career Interests: Data Analytics | Business Intelligence | Data Science | MIS Reporting

PROFESSIONAL ACHIEVEMENTS

- Successfully completed multiple end-to-end projects in Data Analytics, Business Intelligence, Machine Learning, and Data Visualization.
- Earned industry-relevant certifications in Data Science, Artificial Intelligence, O Level (NIELIT), and CCC (NIELIT).
- Developed interactive dashboards and predictive models using Python, SQL, Power BI, Tableau, and Advanced Excel.
